

Chart FX 8 End User License Agreement (EULA)

READ CAREFULLY BEFORE INSTALLING THE SOFTWARE.

By installing Chart FX 8 (hereinafter “the Software” or “Software”), you are accepting the following License Agreement.

THIS AGREEMENT BETWEEN YOU AND SOFTWARE FX, INC. (“Licensor”), SHALL GOVERN YOUR RIGHTS TO USE THE SOFTWARE AND, IF APPLICABLE, DURING THE LICENSE TERM SET FORTH IN THE ASSOCIATED STUDIO FX SOFTWARE SUBSCRIPTION AGREEMENT (“SUBSCRIPTION AGREEMENT”). IF APPLICABLE, YOUR ACCEPTANCE TO THE TERMS AND CONDITIONS SET FORTH IN THE SUBSCRIPTION AGREEMENT ASSOCIATED TO THIS END USER LICENSE AGREEMENT (“EULA”) IS ALSO REQUIRED. IF YOU DO NOT AGREE TO THE TERMS OF THIS EULA AND, IF APPLICABLE, TO THE SUBSCRIPTION AGREEMENT THEN DO NOT INSTALL THE SOFTWARE. IF YOU ARE ENTERING INTO THIS AGREEMENT ON BEHALF OF A COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND SUCH ENTITY AND ITS AFFILIATES TO THESE TERMS AND CONDITIONS, IN WHICH CASE THE TERMS “YOU” OR “YOUR” SHALL REFER TO SUCH ENTITY AND ITS AFFILIATES. PLEASE CONTACT US AT SALES@SOFTWAREFX.COM IF YOU HAVE ANY QUESTIONS ABOUT THIS EULA AND, IF APPLICABLE, ANY ASSOCIATED SUBSCRIPTION AGREEMENT(S). IN THE EVENT OF INCONSISTENCIES BETWEEN THIS EULA AND IT’S SUBSCRIPTION AGREEMENT, THE TERMS OF THE SUBSCRIPTION AGREEMENT SHALL CONTROL

1. GRANT OF LICENSE. Depending on what you purchased, the Software may contain (a) portions known as “Development Components” that provide development facilities in Visual Studio and other development tools and environments (b) “Production and/or Test Server Components” may be provided to enable services on a computer called a server, and (c) “Redistributable Code” that allows client computers or workstations where the Software is deployed to access or utilize the services provided by the Software.

1.1. GRANT OF LICENSE FOR DEVELOPMENT COMPONENTS. This EULA grants to You one (1) license of the Software portions known as “Development Components” on a non-exclusive, per seat basis and during the subscription term set forth in the Studio FX Support Subscription Account accompanying this EULA. “Development Components” shall expire upon the expiration of the current License Term and that upon such expiration the “Development Components” may cease to operate or prompt an expiration warning unless and until another License is obtained from Licensor or the Subscription Agreement is renewed. Per-seat licenses are licenses that are counted by all the machines on which any “Development Components” will reside on, including for development, compilation and/or unattended build purposes. In some instances, “Development components” serialize the product’s license internally and automatically access the license from the calling executable to allow a royalty-free distribution of applications. Additional license fees will apply if “Development Components” are used as part of a component or application (server or client) where a License String is required to properly serialize the license information.

1.2. GRANT OF LICENSE FOR PRODUCTION AND TEST SERVER COMPONENTS. This EULA grants to You one (1) license of the Software portions known as “Production Server Components” and/or one (1) license of the Software portions known as “Test Server Components” on a non-exclusive, per server basis and for a perpetual term. A Production or Test Server license may only be used on one and the same server. “Test Server Components” must not be used as a separate component in a production environment. For virtualized environments, the Software is licensed for use on a single node (e.g. single virtual machine), a node-locked license. For example, You may not duplicate the Software onto multiple nodes (e.g. multiple virtual machines) for purposes of scaling applications. Please contact Licensor at sales@softwarefx.com for additional licensing information on shared or dedicated elastic cloud servers as additional licensing fees may apply to You.

1.3. GRANT OF LICENSE FOR REDISTRIBUTABLE CODE. This EULA grants to You a non-exclusive, royalty-free license to distribute the Software portions identified as “Redistributable Code” in the REDIST.TXT files of the Software provided that:

- (a) You must not permit further redistribution of the “Redistributable Code” by your end-user customers;
- (b) You must not expose, document or make public the Software API (Application Programming Interface);
- (c) Your product(s) and application(s) must add significant and primary functionality to the Software;
- (d) You do not wrap or distribute the Desktop Components in an application that can be used for development purposes on any tool, environment or container;
- (e) You do not use the “Redistributable Code” as part of a web server application or web based solution even if the product license is serialized and accessed automatically from the calling executable/deliverables;
- (f) You must not use Licensor’s name, logo, or trademarks to market your application;
- (g) You do not reverse engineer copy, duplicate or distribute the license schema that is needed to use the “redistributable Code” in a design, development or runtime environment.
- (h) You agree to indemnify, hold harmless, and defend Licensor from and against any claims or lawsuits, including attorney’s fees, that arise or result from the use or distribution of your application;
- (i) You must comply with the terms of this EULA; and
- (j) You must agree that Licensor reserves all rights not expressly granted.

Notwithstanding subsection (a), above, you may permit further redistribution of the Redistributable Code by your distributors and resellers to your end-user customers if your distributors only distribute the Redistributable Code in conjunction with, and as part of, your Software product and You and your distributors comply with all other terms of this EULA. Please consult a Licensor representative if you are not sure if the portion you are utilizing qualifies for royalty free deployment and redistribution.

2. OEM REDISTRIBUTION LIMITATION. You may not distribute the Software, or any portions of

it, via OEM Distribution (as defined below) without entering into a separate OEM Distribution Agreement with Licensor. "OEM Distribution" means distribution and or use of the Software as either a bundled add-on to, or embedded component of, another application with such application being made available to its end user customers as, but not limited to, an on-premises application, a hosted application, a Software-as-a-Service offering or a subscription service for which the distributor of the application receives a license fee or any form of direct or indirect compensation. You are excluded from the foregoing restrictions in this paragraph if (a) You are using the "Redistributable Code" only and in accordance with the terms of this EULA; (b) if You are using the Software solely for Your organization's internal use in a single server or a single virtual node configuration or (c) if You are using the Software for commercial or production purposes in a single server or a single virtual node configuration.

3. COPYRIGHT. The Software is owned by Software FX, Inc. and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat the Software like any other copyrighted material (e.g. a book or a musical recording) except that you may either (a) make one copy of the Software solely for backup or archival purposes; (b) transfer the Software to a single hard disk provided you keep the original solely for backup or archival purposes or (d) you may store or install a copy of the Software on a storage device, such as a network server, used only to install or run the Software on other computers over an internal network; however, you must acquire and dedicate a license of the Software for each separate computer on which the Software is installed or run from the storage device. A license of the Software may not be shared or used concurrently on different computers. You may not make multiples copies of the Software or the written materials accompanying the Software.

4. UPGRADES. If the Software is labeled as an upgrade, you must be properly licensed to use a product identified by Licensor as being eligible for the upgrade in order to use the Software. A Software labeled as an upgrade replaces and/or supplements the product that formed the basis for your eligibility for the upgrade. You may use the resulting upgrading product only in accordance with the terms of this EULA. If the Software is an upgrade of a component of a package of that you licensed as a single product, the Software may be used and transferred only as part of that single package and may not be separated for use in more than one computer.

5. NO OPEN SOURCE. Your right to the Software does not include any license, right, power or authority to subject the Software in whole or in part to any of the terms of an Excluded License. An "Excluded License" means any "open source" or other license that require as a condition of use, modification and/or distribution of software subject to the Excluded License, that such software or other software combined and/or distributed with such software be (a) disclosed or distributed in source code form; (b) licensed for the purpose of making derivative works; or (c) redistributable at no charge.

6. HIGH RISK ACTIVITIES. The Software is not fault tolerant and is not intended for use in high-risk activities. You may not use the Software in the design, construction, operation or maintenance of any nuclear facility or weapon of mass destruction, or for the purpose of aircraft navigation or control or any other activity in which the failure of the Software could result in loss of human life, personal injury or property damage.

9. ACTIVATION. During installation, an Internet connection is required on the machine where the Software is being installed. Only the serial number and a unique product ID provided by the installation program is sent to our servers. Alternatively, if necessary, this information could be submitted from another computer that is connected to the Internet. The information is encrypted using the standard RSA Public/Private key methodology. For security reasons, we do not copy the private key onto the client machine; instead it resides on our servers and thus the need for an Internet connection to obtain a code to complete the install of the Software. Our installation does not scan your hard drive or gather any personal information from your computer; therefore, no privacy issues should be of concern to you. Customers are still encouraged to register the product using the traditional and voluntary web site registration form. The installation process should be simple and unobtrusive for all customers. Our goal is to prevent installation of serial numbers that have been obtained from fraudulent purchases, returned products, expired programs and other suspicious means.

10. MAINTENANCE/TECHNICAL SUPPORT. You may receive technical support services (“Technical Support”) for the Software, provided You subscribe to Licensor’s Subscription Agreement directly with Licensor or with any of its authorized resellers. Technical support will be provided online using your Studio FX Support Subscription Account that will be issued at the time You subscribe. The Subscription Term is 12 months, and support fees are due annually in advance and are non-refundable and non-cancelable.

11. TERMINATION. This EULA is effective until terminated. This EULA, including without limitation your right to use and/or redistribute the Software, terminates immediately and without notice from Licensor if you fail to comply with any of its provisions. Upon termination you shall immediately discontinue use of and destroy the Software and all copies or portions thereof, including any master copy, and within ten (10) days certify in writing to Licensor that all copies have been destroyed. 12. LIMITED WARRANTY AND LIMITATION OF LIABILITY. Licensor warrants that (i) the Software will perform substantially in accordance with any accompanying documentation for a period of ninety (90) days from the date of receipt. Some states and jurisdictions do not allow limitations on duration of an implied warranty, so the above limitation may not apply to you. To the extent allowed by applicable law, implied warranties on the Software, if any, are limited to ninety (90) days. Software FX’s and its suppliers’ entire liability and your exclusive remedy shall be, at Software FX’s option, either (i) return of the price paid, if any, or (ii) repair or replacement of the Software that does not meet Licensor’s limited warranty and which is returned to Licensor with a copy of your receipt. This limited warranty is void if failure of the Software has resulted from accident, abuse, misapplication, abnormal use, Trojan horse, virus, or any other malicious external code. Any replacement Software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. IN ANY CASE, LICENSOR'S ENTIRE LIABILITY UNDER ANY PROVISION OF THIS EULA SHALL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY YOU FOR THE SOFTWARE PRODUCT. Because some states and jurisdictions do not allow the exclusion or limitation of liability, the above limitation may not apply to you.
